

FLOORTEC 480 M

Robust, manually-operated sweeper

The main broom can be adjusted in 4 different positions without the use of tools.

The hopper can stay in open position so it is easy to throw big items or empty a garbage bin into the hopper.

The handle can be folded without tools for storage and easy transportation.

- Bus/Railway stations

- Convention centers
- Automotive
- Garages
- Private

Indoor & Outdoor maintenance of hard surfaces

FLOORTEC 480 M walk-behind sweeper is the ideal solution sweeping small amounts of dry dirt, sand, gravel, cans, crown corks and cigarettes, etc of outdoor spaces as well as indoor floors.

Typical applications are warehouses, factories, car parks, retail stores, malls, schools, hotels, office buildings, bus/railway stations, convention centers, automotive, garages and in private homes.

The very rugged non corrosive frame makes this manual sweeper very robust. That combined with two main and side brooms, make this compact manual sweeper extremely efficient, 5 times faster than a traditional broom.

Furthermore, the hopper is very light and strong and equipped with a carrying handle for easy emptying.

The FLOORTEC 480 M sweeper keeps your premises presentable without hard work.

The lever handle/hopper construction keeps the hopper in place even when storage in the up-right position or hanged on a wall.

The ideal solution sweeping small amounts of dry dirt

- Use over throw system with the use of two main brooms give an excellent sweeping performance of large debris
- Cleaver handle/hopper construction keeps the hopper in place even when stored in the up-right position or hanged on a wall
- The hopper can stay in open position, so that it is easy to throw big items or empty a garbage bin into the hopper
- The ergonomic handle with a soft grip makes it pleasant and ergonomic to operate the sweeper
- The handle can be adjusted to fit the operator's height (three positions)
- The side brooms can be adjusted, individually in 4 different positions, just by turning a knob
- The dual caster front wheels are positioned behind the side brooms and are therefore always in a clean swept area
- The large and non marking wheels make it easy to push and are extremely manoeuvrable

TECHNICAL SPECIFICATIONS

Description	FLOORTEC 480 M
Item no.	9084803010
Working width (mm)	840
Side broom, diameter (mm)	260
Main broom, diameter (mm)	150
Theoretical Surface performance (m ² /h)	3360
