

FLOORTEC 760

The effective, productive and ergonomic way to make a dust free sweeping

One-touch sweeping control. All functions start automatically when the machine is activated. Means less need for operator training.

No tools are needed for main or side broom and filter removal and easy access to all components makes for fast and easy main-tenance and service.

Efficient filter shaker system reduces the need for additional cleaning of the filter.

Main broom can easily be adjusted just by turning a nob. The FLOORTEC 760 is as standard equipped with an integrated on-board charger.

Ideally suited for:

- Gas stations
- Car dealers
- Industry
- Warehouses
- Agriculture

Essential benefits let you get the cleaning job done effectively and with more ease – increasing productivity

FLOORTEC 760 is a walk-behind sweeper which will let you take on your cleaning tasks with ease and efficiency, cleaning up dry debris, and providing dust free removal of even the smallest particles in less time. Based on detailed research of the end-users' wants and needs, FLOORTEC 760 introduces hands-on benefits which will save valuable time, improve the quality of your cleaning, and increase productivity.

Full control with no need for stops, due to the easy-to-understand dashboard and controls. When operating the FLOORTEC 760 you can remain in the operator position and be in full control of the machine during the whole cleaning.

- All settings and instruments can easily be overviewed and reached on the dashboard and the ergonomic handlebar.
- No need for stops to make changes or adjustments.

This will save valuable time and improve the cleaning as you can focus on maneuvering the sweeper and turning on the effective side broom when needed.

Increased productivity and ease of use side broom control placed on the handlebar the easy-to-use side broom control will help you activate the side broom to sweep precisely where it matters.

Available in a battery version for in- and outdoor sweeping, as well as in a petrol version for outdoor use, this machine will be a productive and attractive choice for gas stations, car dealers, industry, warehouses and farmers.

- Lowering the broom will automatically turn it on.
- Raising the broom will turn it off.
- Increase your productivity by adding the optional left side broom.

Easy disposal with transportable hopper with wheels FLOORTEC 760 is an effective and reliable machine, which can go on sweeping for hours, holding 60 liter of dry debris.

When emptying the hopper, you can do this quickly and comfortably using the new transportable hopper:

- Being on wheels the hopper is easy to handle even with a full load.
- You can safely roll it to the place of disposal.

High productivity – low maintenance costs

- One touch sweeping control
- All functions start automatically when the machine is activated. Means less need for operator training
- No tools are needed for main or side broom and filter removal
- Easy access to all components makes for fast and easy maintenance and service
- Robust ergonomic and foldable handle
- Main broom can easily be adjusted just by turning a knob
- Integrated onboard charger as standard
- Efficient filter shaker system reduces the need for additional cleaning of the filter

TECHNICAL SPECIFICATIONS

Description	FLOORTEC 760 B	FLOORTEC 760 P
Item no.	9087317020	9087315020
Working width with main broom (mm)	825	825
Working width with one side broom (mm)	1050	1050
Side broom, diameter (mm)	315	315
Productivity rate, main broom (m ² /h)	2700	2700
Productivity rate, 1 side broom (m ² /h)	3715	3715
Productivity rate, 2 side brooms (m ² /h)	4725	4725
Hopper capacity (l)	60	60
