Cleaning outdoor/indoor

Pressure washers, vacuum cleaners
and accessories for every need

PowerGrip

Art. no. 901.000.752 - www.nilfisk.se

www.nilfisk.com

 **Nilfisk**

Pressure Washer

Frequency of use, how much to clean and how tough your dirt is are key aspects to consider prior to buying a pressure washer.

We offer products in three categories suitable to those different needs and requirements.

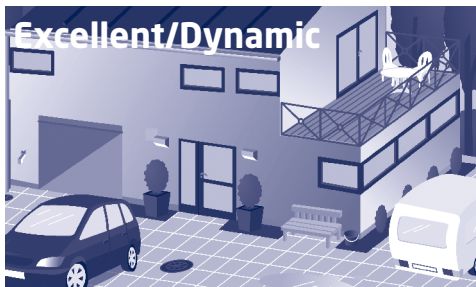

Compact

Once in a while cleaning

Excellent/Dynamic

Regular cleaning

Pro

Semi-professional cleaning

PowerGrip

Wireless control

This control will ease the use of a pressure washer extensively and make it more fun to clean the patio, garden furniture and other items in need of a good cleaning. This new gadget from Nilfisk makes it possible to control the pressure level directly in the handle. It has never been easier.

Vacuum Cleaner

No matter how often you clean or what you clean, we have the machine that makes the job easier and the result better.

The range of indoor cleaning equipment includes:

One Select

Elite Bravo

Family Business GM80

Other Nilfisk products

Buddy & Multi

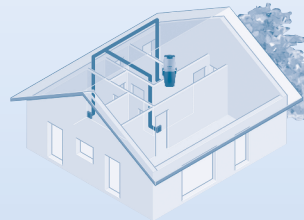

Perfect for suction of wet and dry application - outdoor and indoor

Smart

Simple and fun window cleaning - no drops or streaks

Central Vacuum

Install in only one weekend

Steamtec

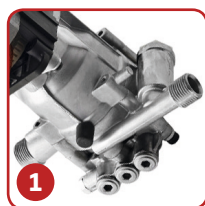

Indept cleaning without chemicals

Nilfisk Compact

**And this is included
with all Compact models:**
(accessories, see page 12-13)

- 1 Reliable metal pump
- 2 Quick coupling between hose and handle with swivel function
- 3 Click&Clean for quick change between accessories
- 4 Foam sprayer
- 5 Tornado and Powerspeed nozzles (C 100/C 110)
- 6 Tornado PR and Powerspeed nozzle (C 125.4 / C 130.1 / C 130.2)

C 130.2

- Max. pressure 130 bar
- 8 m. high pressure hose
- Pressure regulation on Tornado PR nozzle
- Integrated trolley
- Integrated hose reel

Technical specifications	C 100.6-5	C 110.4-5 X-TRA	C 120.6-6 X-TRA	C 125.4	C 130.1 X-TRA

Compact - simple washers for occasional cleaning

The smallest models in our range of high pressure washers are compact and lightweight, making them easy to move around and store. The series ranges from the basic models of max. 100 bar to the more robust with a maximum pressure of 130 bar. All machines in the Compact series are fitted with quick coupling between hose and handle, plus the Click&Clean nozzle concept for quick change between various accessories. Perfect as a first washer or as a complement to a more advanced machine.

C 130.1-6 X-TRA

- Max. pressure: 130 bar
- 6 m. high pressure hose
- Pressure regulation on Tornado PR nozzle
- Hose reel
- Integrated trolley

C 110.4-5 X-TRA

- Max. pressure: 110 bar
- 5 m. high pressure hose
- Integrated trolley
- Cable hook
- Storage of nozzles

C 100.6-5

- Max. pressure 100 bar
- 5 m. high pressure hose
- Holder for lance
- Storage of nozzles

And this is included with all Excellent models:
(accessories, see page 12-13)

- 1 Reliable metal pump
- 2 Quick coupling between hose and handle with swivel function
- 3 Click&Clean for quick change between accessories
- 4 Foam sprayer
- 5 Tornado PR and Powerspeed nozzles
- 6 Pressure regulation on Tornado PR nozzle
- 7 Soft grip on gun
- 8 Telescopic handle

E 140.3-9 X-TRA

- Max. pressure 140 bar
- 9 m. high pressure hose
- Hose reel with internal connection to pump
- Metal pump
- Telescopic handle for compact storage

Boosted

E 150.1-10 X-TRA

- Max. pressure 150 bar
- 10 m. high pressure hose
- Integrated hose reel
- Soft grip
- Telescopic handle for compact storage
- Metal pump

Reliable washers for regular cleaning

A robust series ideal for slightly more advanced jobs. The high level of performance of 130 or 150 bar gives sufficient power to take care of even ingrained dirt on all sizes of surface. Upright design and integrated chassis make it easier to move around. Using the special wall bracket, they can also be hung up on a wall and used as stationary washers.

The Click&Clean nozzle system with pressure regulation is standard as is the quick coupling between hose and handle.

All models in the Excellent series have telescopic metal tubes in handle

RAW POWER MEETS GENTLE TOUCH

RAW POWER MEETS GENTLE TOUCH

With PowerGrip the pressure easily can be adapted to more sensitive cleaning tasks and surfaces. PowerGrip offers the opportunity to reduce pressure in a dynamic fashion. In seven steps pressure can be regulated at your fingertips. This revolutionary gadget is featured on pressure washers in two Nilfisk product categories - Dynamic and Compact. Compact is synonymous with occasional cleaning and Dynamic machines are ideal pressure washers for slightly more advanced jobs. With high performance levels of 130 to 140 bar the PowerGrip products give sufficient power to handle ingrained dirt on all sizes of surfaces.

Pro - powerful washers for the best result every day

Working at pressures of 150 or 160 bar, dirt is quickly removed, no matter how hard it is caked on.

For maximum effect, reliability and safety, the Pro models also have steel-reinforced hoses, stainless steel pistons, brass cylinder head and very robust design. All these features contribute to the machine's overall performance. Amongst its advanced functions are pressure regulation, hose reel with internal connection to the pump and built-in holders for a range of accessories. Quick coupling between hose and handle is standard. And of course, the Pro series has large wheels and reliable handle for maximum manoeuvrability and comfort.

**Brass cylinder head and steel-reinforced hoses...
this is for top performance**

P 150.2-10

- Max. pressure 150 bar
- 10 m. Superflex steel-reinforced high pressure hose
- Hook for cable and high pressure hose
- Telescopic handle

ACCESSORIES FOR A TIDIER GARDEN

Garden furniture, bikes, facades, driveways, patios, terraces, balconies, paving stones and facades can all benefit from being properly cleaned once in a while. With the right accessories for your high pressure washer, it is also possible to keep every-

thing around the house clean quickly and easily. The smart Click&Clean nozzle system makes it easy to connect all such accessories. And as you can see, there are lots to choose from, depending on the task.

Click&Clean Multi Angle Adaptor
For hard to reach areas. The tube can stepwise be angled to 90°. Item no. 6411138

Multi Brush Kit
This brush can be tailored to your specific need, either cleaning of vehicles, wooden fences, or vehicle rims. Item no. 128470459

Patio Plus
The optimum solution for cleaning patio and driveway, walls, fences and other large surfaces. Item no. 126411376

Roof Cleaner
For quick and easy roof cleaning. A combined solution with the telescopic Roof Cleaner handle and the Roof Cleaner detergent. Item no. 128470040

Water Sand Blasting Set
For effective removal of rust, paint etc. on hard surfaces. Red color code (100 - 150 bar): Item no. 6410758 Green color code (100 - 110 bar): Item no. 6410891

Drain- and Tube Cleaner - 15 m
For easy cleaning of blocked drains, pipes or rain gutters. Item no. 6410766

Water Suction Kit
For easy emptying of ponds, drying up patios or other places where water has difficulties getting into the drain system. Item no. 126411387.

Water Inlet Suction Hose
For environmentally friendly use of non-tap water. If the source of water contains impurities, then use the additional filter. Item no. 128500674

AND SOME MORE...

Click&Clean Adaptor
Item no. 126412104

Garden Brush Head
Item no. 128470457

Detergents for a faster and even quicker result

WOOD CLEANER
2,5 l Efficient detergent for cleaning wood furniture Item no. 5300377

STONE & WOOD CLEANER
2,5 l Penetrates and loosens algae and moss on wood and stone surfaces. Item no. 5300400

ROOF CLEANER
5 l Combined the Roof Cleaner handle, this is the optimal solution for Roof Cleaning. Item no. 128470041

See more on
accessory usage

Keeping your car free from oil, soot, salt and exhaust fumes increases driving pleasure, service life and second-hand value. With our wide range of effective and protective acces-

sories, you can reach all the places a car wash cannot. And of course, they can also be used for caravans, motorbikes, bikes, trailers and many other uses.

Click&Clean Auto Nozzle

High pressure nozzle optimised for cleaning vehicles. The 80° spray angle ensures quick and gentle cleaning protecting the surface
Item no. 6411136

Multi Brush with Car Head

Perfect brush for gentle surface cleaning of the vehicle.
Item no. 128470456

Rotary Brush

The brush rotates while cleaning with bendable tube
Item no. 6410762

Click&Clean Foam Sprayer

Item no. 128500077

Click&Clean Auto Brush

With split bristles and swivel in connection. Practical squeegee to remove water from windows. Works well with detergent.
Item no. 6411131

Click&Clean Underchassis Nozzle

Low pressure nozzle with a fixed bend of 90° and a 65° spray picture
Item no. 6411135

Underchassis Lance

With bayonet coupling. Extend your working area - Ideal for cleaning rain gutters and other hard to reach places.
Item no. 6410763

RESULT: A CLEAN CAR!

Car Combi Cleaner. Very efficient detergent that penetrates the dirt on your car and leaves the surface clean. 2,5 l Item no. 5300406

Click&Clean Auto Kit
The complete set for cleaning vehicles.
Item no. 6411134

Auto Brush
Auto brush with bayonet coupling
Item no. 6410765

Rim Brush Head
Fits into the Multi Brush
Item no. 128470458

Extension hose for high pressure
Standard 7 m. hose - screw coupling.
Item no. 6410760
Standard 7 m. hose - quick coupling.
Item no. 106411346
Superflex 7 m. steel re-inforced hose - quick coupling. Item no. 6411048
